

VBScript, WMI, and ADSI Unleashed: Using VBScript, WMI, and ADSI to Automate Windows Administration (Paperback)

By Don Jones

Pearson Education (US), United States, 2007. Paperback. Book Condition: New. 2nd Revised edition. 229 x 175 mm. Language: English . Brand New Book. If you re a Windows administrator, scripting expertise can liberate you from boring, repetitive work- so you can take on the sophisticated, high-value projects you really want. Top scripting guru Don Jones has written the definitive administrator s guide to getting results with Microsoft s key scripting technologies: VBScript, WMI, and ADSI. Jones draws on his unsurpassed experience training Windows administrators in conferences, classes, and from his enormously popular site, . You ll learn how to use VBScript, WMI, and ADSI to gain administrative control over nearly every aspect of every recent Windows server or client, including Windows Server 2003, Vista, XP, 2000, and NT. As you gain experience, Jones introduces more advanced techniques, ranging from modular scripting and script encryption to integrating VBScript with HTML code. Jones concludes with a full section of ready-to-run, real-world examples-from logon/logoff scripts to automated domain and network administration, from querying WMI to creating Active Directory groups. Every script is explained line-by-line, with challenging techniques described in even greater detail. Detailed information on how to.* Decide what you can script: a framework...
