Createspace Independent Publishing Platform, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Sic Semper Tyrannis is a memoir about a time, not so long past, when men were free, religious values were taken seriously. and parents were allowed to pass on the cultural heritage to their children without governmental interference. As David Selznick remarked concerning the Antebellum South, Look for it only in books, for it is no more than a dream remembered, a Civilization gone with the wind . . . This fictional account is the story of what might have been, had Christian parents possessed the courage of their convictions. It depicts the use of spanking and other types of physical correction, from the perspective of an adolescent boy. While the characters are wholly imaginary, the issues they confront are real, and threaten to undermine the very foundations of our civilization. This work does not contain any erotic material, but is a sobering assessment of today s child rearing practices in the United States and Western Europe. This is the second volume of a more extensive saga, which traces the course of Billy and his friends as they struggle through the years of adolescence, and should be required reading for every adolescent boy, his parents, and all those who seek to influence him.
