

Practical Chemistry - five-year higher vocational education. guidance and training materials to learn

By ZHOU DA NONG

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 226 Publisher: Suzhou University Press Pub. Date :2003-7-1. Contents: Chapter 1. Section periodic law of elements of material structure of atomic nuclei isotopes II arrangement of extranuclear alkali metal halide Section III four periodic law of elements of the periodic table V chemical bond and molecular polarity of this chapter self-test papers of this chapter Exercises Chapter 2 Section of chemical reaction rates chemical equilibrium solution composition of the material representation of the amount of chemical reaction rates II Section III of this chapter chemical equilibrium self-test papers in this chapter Exercises Chapter 3. Section ionization equilibrium electrolyte solution of ionic reactions in solution II III IV hydrolysis of insoluble salt formation and precipitation of dissolved electrolyte gel V coordination compounds VI VII VIII electrochemical redox reaction of this chapter based self-test paper in this chapter Exercises Chapter 4. Section organic hydrocarbon compounds outlined in Section II of this chapter Exercises derivatives of hydrocarbons self-test question papers 1-4 of this chapter and chapter test volume Chapter 5 Chemical and Materials Section II common metal silicate materials III...
