But will Santa find them? Let s find out. Tovi books are designed in a simple animated way to give young readers the impression of watching a short film where Tovi and his friends play out their adventures. The books are aimed at children aged 2-6 (picturebooks), who hopefully will join Tovi in his mini-adventures, and learn something about life and the world around them. As the lovable characters in these books share a whole range of experiences, they learn about sharing, about helping each other, and most important, they learn the value of friendship. You ll be surprised what an exciting time little penguins can have! Tovi the Penguin is a children s book series also available to buy on Amazon: Tovi the Penguin - goes camping (Volume 1), Tovi the Penguin - goes to London (Volume 3) and Tovi the Penguin - goes into space (Volume 4). What a fun book! My son is in love with penguins right now, so he especially enjoyed this book. The illustrations are amazing and the story has just the right amount of words for a toddler--he can learn from the words but there aren t so many words that it distracts from the pictures (which is of course his favorite part!) A great book for toddlers or children up to 6 years old.
