

Understanding Equity in Community College Practice: New Directions for Community Colleges Number 172 (Paperback)

By -

John Wiley Sons Inc, United States, 2016. Paperback. Book Condition: New. 227 x 150 mm. Language: English . Brand New Book. What do equity-oriented practices look like in different community college contexts? Given the increasing role of the community college in realizing equitable outcomes for students, examples of what practitioners are doing to move forward an equity agenda are urgently needed. The diverse perspectives and issues in these chapters explicitly advance an equity agenda and offer: * Conceptual and empirical rationales to support equity-oriented practices, * Examples of programming and practice that support the lives and livelihoods of underserved student populations, and * Examples of policy, programming, and thinking that emphasize the role of the community college in expanding educational opportunity for underserved students. Driven by a change in thinking and imagination, these examples show how practitioners can and should tailor programming in light of larger patterns of inequality. This is the 172nd volume of this Jossey-Bass quarterly report series. Essential to the professional libraries of presidents, vice presidents, deans, and other leaders in today's open-door institutions, New Directions for Community Colleges provides expert guidance in meeting the challenges of their distinctive and expanding educational mission.

Reviews

Very beneficial to all category of folks. We have study and that i am sure that i will planning to go through yet again again in the future. Its been printed in an extremely straightforward way in fact it is just soon after i finished reading this pdf where actually changed me, alter the way i really believe.
